My Favorite Park By Carolyn Paul

My favorite park is Moses Cone Park in Boone, North Carolina. My family and I have spent many holidays there, enjoying the fresh air, eating good food and relaxing.

At this park, we have a favorite picnic table. It is surrounded by a beautiful meadow. The men in my family like to play games like Frisbee and softball. The women and children prepare the picnic and hike along the mountain trails. In all directions, we see the beautiful Appalachian Mountains and nature. It is a place that makes me happy.
